The Republican administration, as and the entertainment reflected great credit we the other day pointed out, has been on the pupils taking part, as well as the affair was in a great measure due. The exercises were the first that have taken place at the closing of the school, as the building was only erected a few months ago. The graduates were also the first to treated to two hours of real pleasure in listening to the different numbers. The some of the girls taking part in them displayed a rare bit of talent. The violin and piano solos were especially pleasing, as were the songs, recitations, instrumental solos and the tambourine and calisthenic

BRIEF NOTES.

Germania Rebekah Degree Lodge, I. O O. F., has installed its new officers. The funeral of Nicholas Schadt was largely attended yesterday afternoon. A car loaded with hay was partially burned near Colfax on Tuesday night. The newly-elected officers of the Western Star Frauen Verein have been installed. Frank Fugaluri, the partner of burgler John McCarthy, has been held to answer in San Francisco for burglary. He and Mc-

Carthy will doubtless soon meet in the stone yard or jute mill. The usual exercises at the closing of the Capital Primary School were held yester-day at the same time those of other schools were held, but the RECORD UNION has not been favored with the programme for publication. This explanation is due to teachers, parents, and pupils who will be disappointed this morning at not finding the exercises published.

To this Blaine replied on the same day that the same rumors, probably based on truth, had reached the Government of the United States, but that up to date there had been no official communication received on the subject. He adds: "It has been and is the earnest desire of the Presi- ment of Russia. The United States will ture fur seal in the Behring Sea, and as a dent of the United States to have such an adjustment as shall remove all possible ground of misunderstanding with her Majesty's Government concerning existing troubles in Behring Sea; and the President believes the responsibility for the delay in the adjustment cannot be properly charged to the Government of the United States. In the opinion of the President the points at issue between the two Governments are capable of prompt adjustment on a basis entirely honorable to both."

SEIZURES CAUSING MUCH EXCITEMENT. September 12th last Edwards asked when he might expect an answer to the request of his Government made August 24th, that instructions be sent to Alaska to prevent the probability of the seizure of British been agreed by international arrangement to forbid it. For seals are indisputably anreports of seizures having taken place are causing much excitement, both in England

Blaine, September 14th, replied that he supposed "her Majesty's Government was satisfied of the President's earnest desire to come to a friendly understanding and that come to a friendly understanding, and that would seem to render them impossible. official instructions to Sir Julian Pauncerival in October to the full discussion of jous administration, and says: the question removed all necessity for pre-liminary correspondence touching its been and still is impracticable, unjust to the necessity of a close season for the this Government and misleading to the protection of seals. PROTEST FROM SALISBURY. The next communication is a protest from Lord Salisbury to Edwards, favoring the proposed international agreement for a close season on sealing grounds. In another letter to Edwards, October 2d, the Canadian Government objected to any such that the vessels were seized at a distance from land far in excess of the limit of the claim by international law. The cases are similar in this respect to those of the ships between her representative and the representative similar in this respect to those of the ships Caroline, Onward and Thornton, seized by a vessel of the United States outside of territorial waters in the summer of 1887." He "The illegality of this was brought to the attention of the United States, and though no official reply was made, Bayard gave unofficial assurance that no more seizures would be made pending negotia-tions," and says, "but in view of the unex-Majesty's Government has previously com-plained it is my duty to protest against them, and state that in the opinion of her Majesty's Government they are wholly unjustified by international law."

OPENING OF THE CORRESPONDENCE. 22d of this year, with a very long letter from the Secretary to Sir Julian Pauncefote. The Secretary opened with the acknowledgement of the receipt of the papers bearing on the seizures made by the Rush. He says: "In the opinion of the President the Canadian vessels arrested and detained in Behring Sea were engaged in the pursuit in itself contra bonos mores, a pursuit which of necessity involves serious and ment on British vessels."

Supplier to qualify the statement which I made in my note of June 4th, to the effect that Lord Salisbury abruptly closed the negotiations because the Canadian Government objected, and that he assigned no other reason whatever. Lord Salisbury expresses the belief that, even if the view I had taken of these transactions are accurate, they would not bear out the argument which I found upon them. The argument to which Lord Salisbury refers, is, I presume the remonstrance which I made by direction of the President, against a change of policy by her Majesty's Government without notice, and against the wish of the Wishes of the British Province against the clined. Peaches are also shaded. Firs are the contact of the c without notice, and against the wish of the United States. The interpretation of the wishes of the British Province against the wishes of the British Province against the conclusion of the convention between the two nations, which, according to Mr. Phelps, 'had been virtually agreed upon, except as to details,' was, in the President's belief, a grave injustice to the Government of the United States."

PRESS OPINION.

New York, July 23d.—The Tribune says that it believes the Behring Sea correspondence will be read by Americans with profound satisfaction, and adds: If indisputable and inexorable logic avail anything with statesmen on Downing street, we shall not be troubled much longer with this vexing question. We bought those seals; we paid for them; we have nourished and protected them; our people here and in Alaska obtain a living from them. They are a source of national revenue, and the British states men are unwontedly dull if they imagine that we are going to lose all this, simply to enable a few persons in British Columbia. nes, 7@10c & ib; Peaches, 16@17c; Apricots, HONEY—We quote prices as follows: White Comb, 9@10c; Amber, 7@8c; white liquid, extracted, 41/26c; Amber colored and candied,

Has been saved by the prompt use of Ayer's Pills. Travelers by land or sea are liable to constipation or other derangements of the stomach and bowels which, if neglected, lead to serious and often fatal consequences. The most sure means of correcting these evils is the use of Ayer's Cathartic Pills. The prudent sailing-master would as soon go to sea without his chronometer as without a supply of these Pills. Though prompt and energetic in operation, Ayer's Pills leave no ill effects; they are purely vegetable and sugar-coated; the safest medicine for old and young, at home or abroad.

"For eight years I was afflicted with constipation, which at last became so bad that the doctors could do no more for me. Then I began to take Ayer's Pills, and soon the bowels recovered their natural and regular action, so that now I am in

Excellent

health."-Mrs. C. E. Clark, Tewksbury, Massachusetts. "I regard Ayer's Pills as one of the most reliable general remedies of our times. They have been in use in my family for affections requiring a purgative, and have given unvarying satisfaction. We have found them an excellent remedy for colds and light fevers."-W. R. Woodson, Fort Worth, Texas. "For several years I have relied more upon Ayer's Pills than upon anything else in the medicine chest, to regulate my bowels and those of the ship's crew. These Pills are not severe in their action, but do their work thoroughly. I have used them with good effect for the cure of rheumatism, kidney troubles, and dyspepsia."—Capt. Mueller, Steamship Felicia, New York City. "I have found Ayer's Cathartic Pills to be a better family medicine for common use than any other pills within my knowledge. They are not only very effective, but safe and pleasant to take -qualities which must make them valued by the public."—Jules Hauel, Perfumer, Philadelphia, Pa.
